

***Pilots, Observers and Scanners -
In the event of a aircraft crash, would YOU have
the skills to survive until help arrived?***

In 2007, Civil Air Patrol Pilots flew over 108,000 hours in combined Corporate and Air Force missions. What would you do in the event your aircraft crashes?

When: September 6,7 2008

Check in at 0900 hours on Saturday ends Sunday 1330

Hawk Mountain Ranger School will host a CAP Pilot's Survival Course. This course will cover the following topics, and more:

**Initial Survival Concerns
CAP Aircraft Survival Kit
Basic Survival Skills
Shelter
Signaling**

**First Aid
Water Procurement
Fire Building
Weather
Mental Aspects to survival**
